Life Touch Photo day

- Photo packages were provided for all students; extra packages are available in the office.
- The school photos are used as legal ID and therefore students must be identifiable, without hats, “costumes” or other dress ups that make them unrecognizable
- All staff are to report at a convenient time to have their photo taken as photos are used for our office staff composite which is very helpful for students, guests and parents to use.
- Please have students record their photo times in their agenda books.
