

Hayseed project-in memory of Naomi Laurie

2 bursaries awarded valued at \$500 each

Naomi was born in Nanaimo, and while still in diapers, moved to the family farm on Somenos Rd in Duncan where members of her family still reside. She graduated from Cowichan High in 1990 , and went on to further her education at the University of Victoria enrolling in the education program, and specializing in music. She married her husband Adam, a tradesman, who supported their growing family, which enabled her to dedicate her life to her children. They soon settled in the Cowichan Bay Area, where all 4 of her children have attended Frances Kelsey Secondary School.

Naomi was an amazing wife and devoted mother, and loved to be around her family. She took great pride in her children's education, and could be found, on numerous occasions, at the kitchen table working out homework problems. She spent most days helping out in her children's school classes and volunteering in any area that she was needed. She had a great love for children, and was often seen helping teach them wherever she could.

Because of her dedication to children and their education , The Hayseed Project has been created to honour Naomi by providing this bursary to a Frances Kelsey Secondary graduate who is pursuing further training in the Trade Programs where her husband still continues to work.

Description:

Bursary award consists of \$500 cash

- Open to a Frances Kelsey graduate
- Genuine financial need considered
- Despite hard work, may not have qualified for an academic scholarship
- Students must be proceeding to a post-secondary institution for further education or training.
