**RE: Scholarship and bursaries for 2022 graduating class**

The Cowichan Division of Family Practice (CVDFP) is pleased to make available again this year academic awards for high school graduates in Cowichan with plans to enter the health care field.

**Bursaries:** For the 2020 graduation year, there will be five bursaries available in the amount of \$500 each; one allocated to each of the five public high schools that fall within the boundaries of the Cowichan Division of Family Practice: Duncan, Mill Bay, Lake Cowichan, Chemainus and Ladysmith.

**Bursary selection process:** The CVDFP scholarship committee will review all bursary applications and create a short list of candidates; the high school committee is requested to make the final selection from this narrowed field.

**Scholarship:** There will be a single region-wide scholarship available in the amount of \$1,000 for those graduates with plans to obtain a medical degree. All grade 12 students within the CVDFP boundaries who are year-round residents in that region will be eligible, including those attending private schools.

**Scholarship selection process:** The CVDFP scholarship committee will review all applications and select the successful scholarship recipient.
