STUDENTS

Halloween costume parade on Monday, during lunch in the Dome.

The library will be closed all this week, including during long advisors, for the Provincial Assessments. The list of students writing is posted outside the library on the student information board.

A friendly reminder of what students can bring onto school busses.

What Can I Carry On The School Bus?

Any items carried on a school bus must meet all regulations set out in the motor vehicle act. With this in mind the following guidelines for students travelling on school district buses were developed in consultation with parents, district staff, and school bus drivers to affect a reasonable compromise regarding carry-on belongings/musical instruments. These guidelines were implemented October 1995.

Musical Instruments: Musical Instruments will be carried on school district buses if the size does not exceed that of an alto saxophone. All musical instruments must fit comfortably in the student's passenger space and be held in such a way as not to extend into the aisle or interfere with other passengers. Oversized musical instruments such as guitars, trombones, etc. will not be carried.

Personal Belongings: Belonging carried onto the bus must be contained in a GEAR BAG which can be easily managed and held by the student. All items must fit comfortably in the passenger's space without extending into the aisle or interfering with other passengers.

Items of a size or nature considered to be hazardous to other passengers will not be carried on the bus (i.e. hockey sticks, firearms, sharp objects, etc.). If a parent or student has a concern about the suitability of an item to be transported he/she is encouraged to contact the Transportation Department.

Driver's Authority: At the driver's discretion students may be directed to designated seats to better accommodate the students' belongings.
