## STUDENTS:

We are forming a Student Advisory Committee to help improve the health and wellness of our school, and we need your input! We are looking for 3 to 4 students from each grade to meet with the principal and vice principals on a monthly basis. This is your chance to share what is going well, what needs improvement, and any other concerns you might have. These meetings will be held in a safe space where your voice will be heard, and there will be food provided. If you are interested or have any questions, please see Colleen Mullin, Vice-Principal. The first meeting will take place in January. We look forward to your participation!

Reminder for the students that our school is scent free. We have many students and staff that have sensitivities to perfumes and colognes, this includes body sprays, which can lead to nausea, headaches, and even migraines.
