If it is your first time signing in, sign in using your student number and the password you were given. You will then need to set up your email address for password recovery and a security question. Make sure you use a security question and answer that you will remember.

## Trouble logging in

[Retrieve your Login ID](#) if you want to retrieve your Login ID.

[Reset your password](#) if you have forgotten your password.

If you are having issues logging into the system, please contact your school administrator directly.

Your user account is managed by your school, not by Follett, and your school will be able to answer your requests or questions about access to the system.

Close

If you get a notification that your account has been disabled or if you have already changed your password, and you can't remember what you changed it to, or if your password doesn't seem to be working, click "Trouble logging in?" on the main login screen, choose "Reset your password", enter your login ID and a temporary password will be sent to you.

This will only work if you have logged in before and set up your recovery email address.

If this option does not work, or if you get a notification that says your account is **expired** or **invalid** please see the Data Clerk, Christa Webb in the Counselling Office for assistance.

When you arrive at the home page (the pages tab), if you look on the right-hand side under “Published Reports” you will see a link to your report card once it has been published. If you are accessing your account on a cellphone, this will look quite different. The Learning Update may show under “Announcements” or “Published Reports” depending on the device you are using. Click on the PDF to open the document.

If you have any trouble, please contact [fkssparentportal@sd79.bc.ca](mailto:fkssparentportal@sd79.bc.ca) or see Christa in the Counselling Office.
